Dynasty is a Reboot of the original serie: 80's Dynasty.

Dynasty is an American serie created by Josh Schwartz, Stephanie Savage and Sallie Patrick, in 2017 . The TV series follows the story of the rivalry between two of the richest families in the United States: the Carringtons and the Colbys.

in the Carrington family, Fallon Carrington played by Elizabeth Gillies, comes back in the family house to

become the CEO of her father's company. But she discovers that her father is engaged to Cristal Flores played by Daniella Alonso, a young latina woman who have an important position in this company. Fallon accuses Crystal of only being interested in the family wealth. Then the two women spend their time trying to make one another's life a nightmare. Robert Christopher plays the role of Fallon's boyfriend, her father Blake Carrington is played by Grant Show and her brother Steven by James Mackay.

I recommend this series because there are a lot of mysteries and lot of revelations and sometimes it's a funny series.

I like this series also because Fallon is the main character and she is an elegant woman who is determined with a strong character.

Dynasty airs on Netflix. There are two seasons for the time being but the third season is coming out on May 23rd on Netflix!
